Grading Information

There will be no make-ups on quizzes. Most quizzes will be take home.

- Every exam will have one retake exam. All exams are in the evening. The first exams will be out of 110 points. The makeup exams will be 8 days later and will be out of 100 points. The higher of the two exam grades will count toward that exam grade. The retake will be the same level of difficulty as the regular exam. In addition, practice exams will be posted on my 251 website 1 week prior to each exam. **If you have a problem with these dates, you must let me know by the end of THIS WEEK!**
- Please go to the website for worksheets (they are for your benefit only and are not to be handed in).
- Extra credit, in the form of a free quiz, will be given if you help at least 2 hours at Science Fair on **Thursday, March 23rd**.
- **All cell phones need to be turned off and put away. If I see one during an exam you will automatically be given a 0 on that exam.**
