This is the homework assignment for the entire semester. All quizzes will be straight from the homework (and not the hardest problems!). I will **always** answer questions at the beginning of each class so please, please, please do your homework and ask questions.

You can go to the website to copy worksheets done in class, "how to" sheets, and extra problems to do at your leisure. To get to the web site go to (if you have difficulty try a different browser; I have been told that Google Chrome works best):

Emergency Procedures. Southern Illinois University Carbondale is committed to providing a safe and healthy environment for study and work. Because some health and safety circumstances are beyond our control, we ask that you become familiar with the SIUC Emergency Response Plan and Building Emergency Response Team (BERT) program. Emergency response information is available on posters in buildings on campus, available on BERT's website at www.bert.siu.edu, Department of Safety's website www.dps.siu.edu (disaster drop down) and in Emergency Response Guideline pamphlet. Know how to respond to each type of emergency.

Instructors will provide guidance and direction to students in the classroom in the event of an emergency affecting your location. **It is important that you follow these instructions and stay with your instructor during an evacuation or sheltering emergency.** The Building Emergency Response Team will provide assistance to your instructor in evacuating the building or sheltering within the facility.
